

# Tylö sauna door DWG

A classic sauna door from Tylö.

Every sauna door carrying Tylö's name is of the highest quality and is specially manufactured to withstand the considerable temperature differences between the outside and the inside of the sauna without warping or becoming deformed.

DWG is a classic model with large window made of clear, tempered safety glass. Finished with beautiful spruce or aspen panels on the inside and outside. Outer frame dimensions 1890 x 690 mm, width of opening 1850 x 595 mm. Sauna door is also available without glass named DWB.
